

RT-30EX Hazardous Area Rated Flow Transmitter

Common Uses

The RT-30EX is our industry-proven EX-rated digital flow transmitter for hazardous areas. This transmitter offers numerous outputs and displays flow rate, flow total, grand total in the engineering units of your choice. Applications include:

- Chemical injection
- Automotive/Industrial paint circulation systems
- Petrochemical processing
- Onshore oil recovery & hydraulic fracturing
- Natural gas odorization

Technical Specifications

Power Requirement	9-24 VDC / 200mA (customer supplied) Class 2
Digital Display	Graphic backlit LCD display offers a variety of screens: <ul style="list-style-type: none">• Rate*• Total*• Rate & Total*• Grand Total*• Status• Analog Out• Limit
Analog Output 4-20mA	3- or 2-wire plus separate supply, Max load impedance 500 ohm
Frequency Output	
Three Opto-Isolated Open-Collector Outputs	<ul style="list-style-type: none">• Frequency or limit outputs• 5-30 VDC rating• 40 mA max (min. load impedance required 600 Ohm @ 30 VDC)
Temperature Rating	-20 to 60°C (-4 to 140°F)
Linearization	Built-In 30-Point Linearizer
Frequency Range	0-4,500 Hz
Connection	3/4" female NPT conduit provisions
One Opto-Isolated Input	9-24 VDC remote reset
cCSAus Certification	<ul style="list-style-type: none">• Class I, Div. I, Groups C, D• Class II, Div. I, Groups E, F, G• Class III
ATEX Certification**	II 2 G, Ex d IIB+H2 T5 Gb, Ta = -40°C to +60°C
IECEx Certification**	Ex d IIB+H2 T5 Gb, Ta = -40°C to +60°C

* Data displayed in up to 10 characters. ** ATEX & IECEx available only for aluminum housings

RT-30EX Hazardous Area Rated Flow Transmitter

Single Access Enclosure (shown here with HUB-40 sensor)

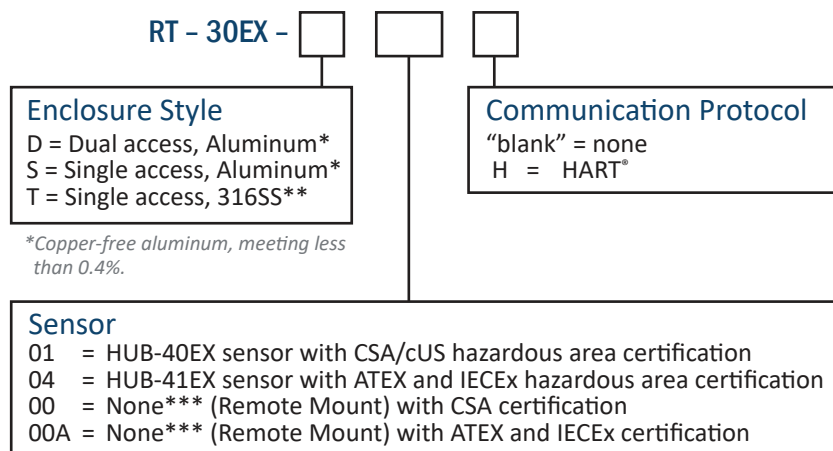

Dual Access Enclosure (shown here with HUB-41 sensor)

Products may be subject to change without notice - Contact factory for the most up-to-date product information.

RT-30EX Hazardous Area Rated Flow Transmitter

Part Number Guide

**ATEX and IECEx certifications are not available with 316 stainless steel housing.

***Remote mount sensors require HUB-4x remote mount sensor - refer to HUB-4EX datasheet for ordering information.

RT-30EX-D01 with dual access aluminum enclosure and ATEX and IECEx certification

RT-30EX-T04 with single access 316 stainless steel enclosure and CSA certification

End-of-Life Disposal:

At the end of its service life, this product and its associated electronics should **not be discarded with municipal solid waste**. We strongly recommend recycling the unit in accordance with **all applicable local, state, and federal regulations**. Electronic components may qualify as universal waste and should be handled through an appropriate recycling or collection program. Responsible recycling supports our commitment to environmental stewardship under **ISO 14001**.

Products may be subject to change without notice.
