

REACH Compliance Statement

March 4th, 2024

Dear Customer,

This declaration concerns European Union's REACH regulation No. 1907/2006. REACH regulation is on Registration, Evaluation, Authorization and Restriction of Chemicals. It entered into force on June 1st, 2007 to streamline and improve the former legislative framework on chemicals of the European Union (EU). REACH places greater responsibility on industry to manage the risks that chemicals may pose to the health and the environment.

AW-Lake Company is a limited downstream user of any SVHC substances and do not manufacturer or import any SVHC substances. To the best of our knowledge, through evaluations with the help of our suppliers, none of our products distributed to our customers contain any of the 240 SVHC substances above the allowed 0.1% concentration level, per January 23rd, 2023 publication.

AW-Lake Company is committed to follow the environmental safety standards set forth by this regulation and will continue to work with our suppliers to monitor substance levels of purchased parts and should any such substances exceed the allowable 0.1% concentration levels, we will make sure to inform our customers according to requirements by the REACH regulations.
